

SKILLS

- **Frontend:** HTML5, CSS3, JavaScript, Bootstrap, React js, Angular, Typescript
- **Backend and Database:** Nodejs with Expressjs, Python with Flask, MongoDB, MySQL DB
- **AI/ Cloud:** Generative AI, Azure Open AI, Google Vertex AI
- **Other skills:** Git, Postman, Jest, API Documentation, REST API design, Accessibility

WORK EXPERIENCE

Cognizant - Full stack Developer, Bangalore

Oct 2021 - Present

- Associate at Cognizant with 3.2 years of experience in building scalable applications
- Led weekly sprint meetings, enhancing team collaboration and ensuring a **95% on-time delivery rate**.
- Contributed to code reviews and implemented unit testing strategies, achieving 70% code coverage and **reducing bugs by 80%**.
- Passionate about continuous learning and exploring new technologies to drive innovation and improve software engineering practices.

PROJECTS

Cognizant Accelaretor Product

- Developed a content creation accelerator using **ReactJS, Node.js**, and **MongoDB**.
- Integrated **Azure OpenAI** for **Generative AI** to automate content creation, including blog posts, emails, product descriptions, and marketing campaigns.
- Collaborated with designers to convert wireframes into functional UI components
- Utilized **Git** for efficient version control.
- Delivered a comprehensive presentation of the application to multiple clients, receiving highly **positive feedback** from both the clients and Cognizant leadership.

Merck Health Care

- Developed a full-stack application from the ground up using **React JS** and **Node.js** with **MVC**
- Achieved a **60% reduction in manual effort** and time through automation and optimized workflows.
- Performed comprehensive **testing and debugging** to ensure optimal functionality and performance of the application.

Bayer Crop Science

- Leveraged **Angular, Python with Flask** to build a high-performance full-stack application.
- Integrated **MongoDB** for seamless and efficient data management.
- Achieved a **37%** performance improvement and increased user engagement.
- Delivered projects on time consistently and actively participated in **code reviews**

Other Global Cleints

- Collaborated with global clients such as AstraZeneca, Novartis, and Monro to develop robust web applications and automation tools. Leveraged technologies including **Python, Node.js, ReactJS**, and **Angular** with **MVC architecture** to create solutions that reduced human effort by 70%.
- Developed self interest projects through integration with an open-source API and deployed using Firebase. Online Foodiee App [link](#), Shopping Feedback [link](#)

EDUCATION

Jawaharlal Nehru Technological University - Ananthapur

Jul 2018 - Jul 2021

BE/B.Tech in Electrical & Electronics | 70%

Narayana Diploma in Engineering and Technology - Ananthapur

Jun 2015 - Jun 2018

Diploma in Electrical & Electronics | 75%

Sri Chaithanya Techno School - Tadipatri

Jun 2014 - Jun 2015

10th (Secondary School Examination) | 90%
